Project summary:

The project aims at creating virtual exchange opportunities for students on the themes of career decision and planning, the learning to learn competence and soft skills development, based on an already existing e-learning platform, which will be updated and adapted to students' current needs: thevoyage.eu. The aim of the project is to promote understanding and tolerance among 2100 students from Romania, Italy, Turkey, Georgia, Moldova, Ukraine and Armenia, who will have the chance to interact and exchange ideas virtually, while also improving their competencies and skills in the mentioned areas. There will be synchronous activities organized, as well as asynchronous ones, the students also using an e-learning platform, which will offer them the opportunity to learn at their own pace. University teaching staff, youth workers, and trainers will be supported in enhancing their digital literacy, soft skills, and ability to put new e-learning tools into practice.
