

## Curriculum in Educational Program in Pharmacy

N	Components	Number of credits	Hours						Distribution of credits according to semesters								
			Including						I semester	II semester	III semester	IV semester	V semester	VI semester	VII semester	VIII semester	
			Number of hours	Lecture	Laboratorial	Practical	Group work	Independent work									
1	2		4	5	6	7	8	9	10	11	12	13	14	15	16	17	
	<i>Major specialty disciplines</i>																
1	Histology, Cytology	5	125	15	20		15	75	5								
2	General and Inorganic Chemistry	6	150	15	30		15	90	6								
3	Human Normal Anatomy	4	100	15			30	55	4								
4	Molecular Biology, Genetics	4	100	15			30	55		4							
5	Academic Writing	3	75	5			25	45	3								
6	History of Georgia	3	75	15			15	45	3								
7	Introduction to Philosophy	2	50	15			15	20	2								
8	Psychology	2	50	15			5	30	2								
9	<i>English A1/B 1.1.1</i>	5	125				45	80	5								
10	<i>English A2/B 1.1.2</i>	5	125				45	80		5							
11	<i>English B1.1/B 1.2</i>	10	250				90	160			10						
12	<i>Information Technologies</i>	5	125		45			80		5							
13	Medical Physics with Biophysics	3	75	15			15	45		3							
14	Mathematics in Pharmacy	3	75	10			20	45		3							
15	Pharmaceutical Latin	3	75				30	45		3							
16	Human Normal Physiology	4	100	15	25			60			4						
17	Pharmaceutical Botany	5	125	15	10		20	80		5							
18	Internship in Pharmaceutical Botany	2	50			20		30		2							
19	Basics of Microbiology, Virology and Immunology	5	125	15	30		15	65				5					
20	Pathology	4	100	15		25		60			4						
21	Analytical Chemistry – 1	5	125	15	30		5	75			5						
22	Organic Chemistry – 1	4	100	10	25		5	60			4
