Forestry
BA Curriculum

N	Components	ECTS	Hours	Among them					Distribution of ECTS over semesters							
				Lecture	Lab..	Practice / lab	Work in groups	Internship	Individual study	I semester	II semester	III semester	IV semester	V semester	VI semester	VII semester	VIII semester
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
	Core courses / modules																
1	History of Georgia (General course)	3	75	15			15		45	3							
2	Academic writing	3	75	15			15		45	3							
3	Intro to Philosophy	2	50	15			15		20	2							
4	Psychology	2	50	15			5		30	2							
5	Intro to chemistry	5	125	15	30				80	5							
6	Advanced math with elements of statistics	4	100	15			15		70	4							
7	Basics of agriculture	6	150	30			45		75	6							
8	Agrarian resources and environment protection	5	125	15			30		80	5							
9	Agricultural botany	6	150	15			45		90		6						
10	Dendrology	5	125	15			45		65		5						
11	General forestry 1	4	100	15			30		55		4						
12	Meteorology for Forestry	5	125	15			30		80		5						
13	Indirect forest utilization	5	125	15			45		65		5						
14	Introduction of plants – acclimatization	5	125	15			30		80			5					
15	General forestry 2	5	125	15			45		65			5					
16	Forestry taxation 1	4	100	15			30		55				4				
17	Arboriculture / silviculture 1	4	100	15			30		55				4				
18	Forest ecology	3	75	15			30		30				3				
19	Forest cultures	4	100	15			30		55				4				
20	Xylem studies	5	125	15			45		65				5				
21	Forestry taxation 2	4	100	15			30		55					4			
22	Arboriculture /silviculture 2	6	150	15			45		90					6			
23	Timber production	5	125	15			30		80						5		
24	Internship	5	125					55	70						5		

25	Timber transportation and processing / recycling	5	125	15			30		80								5	
26	Studies of Forest Commodities	5	125	15			30		80								5	
27	Forest phytopathology	5	125	15			45		65								5	
28	Internship	5	125					45	80									5
29	Foreign language	20	500				240		260			5	5	5	5			
30	Information technologies	**5**	125				60		65			5						
31	**BA paper or / elective Forest Studies and Forestry**	**10**	250				90		160									10
	Total	**160**	**4000**	**405**	**30**		**1175**	**100**	**2290**									
	Elective courses	**20**									5	10	5					
1	Melioration in Forestry	5	125	15			30		80									
2	Entomology in Forestry	5	125	15			30		80									
3	Chemical and biological protection of forests	5	125	15			30		80									
4	Forest Economics and Legislation	5	125	15			30		80									
5	Bio-geography	5	125	15			30		80									
6	Protected areas and reservations	5	125	15			30		80									
7	Georgian forests	5	125	15			30		80									
8	Economic basics of nature management	5	125	15			30		80									
9	Forest soil studies with basics in agro-chemistry	5	125	15			30		80									
	Mechanization of Forest Works	5	125	15			30		80									
	Total		**500**	**60**			**120**		**320**									
	Minor / electives	**60**	**1500**	**180**			**360**		**960**					**15**	**15**	**15**	**15**
	Total	**240**	**6000**	**645**	**30**		**1655**	**100**	**3570**	**30**	**30**	**30**	**30**	**30**	**30**	**30**	**30**
