

北京理工大学
BEIJING INSTITUTE OF TECHNOLOGY

2020 BIT Exchange Program for International Students

Why BIT?

Beijing Institute of Technology (BIT) is one of the most important and successful engineering universities in China. In the 2018 QS University World Ranking, BIT ranked 389th in the world, 76th in Asia and the top10 in science and engineering in China. It has been one of the key universities in China since its founding and the first batch of universities which has entered the national "211 Project", "985 Project" and the "Top A World-class University".

BIT has a traditional focus on science and technology but developing into other areas such as management and humanities. The Institute emphasizes ethics in scholarship, discovery of truth, and contribution to mankind through profound academic accomplishments. Presently BIT has more than 2,500 foreign students from 147 different countries.

Overview

Beijing Institute of Technology (BIT) has currently signed agreements on exchange program with more than 200 universities worldwide. We welcome students from the partner universities to study in the exchange programs in BIT.

Exchange students to BIT can study in the regular degree programs conducted in English or Chinese, they are also welcomed to study in our Chinese language study program. No tuition fee for the exchange students. We receive students from undergraduate, master and PhD level from the home university, except the first and second year undergraduate students. The exchange program extends from one semester to two semesters in the academic program or Chinese language program.
