Dear colleagues,

It is a great pleasure to invite you to the 2nd edition of the “Young Researchers in BioSciences” International Symposium 2015, which will take place from July 22nd until 26th at the Faculty of Biology and Geology, Cluj-Napoca, Romania.

The main idea of the Symposium is to bring together young researchers (undergraduate and graduate students) who work in the field of Biosciences and want to share their work in both a formal and non-formal environment.

Another purpose of this event is to create an international platform through which new generation of researchers and also all those interested in the field of Bio-Sciences can share their experience and research, trade ideas, and why not establish future collaborations in order to enhance scientific innovation from early career stages.

The main topics will comprise all aspects of Biosciences :*

Genetics

Nanobiology

Zoology

Microbiology

Cell biology

Ecology

Biochemistry

Biomedical Sciences

Physiology

Biotechnology

Molecular biology

Environmental protection

**but are not limited to those mentioned*

The organizing committee is looking forward to meet you and discuss about the exciting aspects of Biosciences in Cluj-Napoca!

Best regards,

Organizing Committee.
